Objective: I am a motivated, hard-working computer science student seeking an internship position in the field of computing or software development.

Education:

University of Central Florida   2018-Present
GPA: 3.7
Orlando, FL

Experience:

UCF AREA 67 Research Lab
Undergraduate Researcher   2019-Present
- Testing and performance analysis of multiprocessor data structures
- Working with C/Java concurrent programming libraries

Competencies:
- C/Java programming languages
- Data structures and algorithms
- Concurrent/multicore programming
- Windows/MacOS/Linux

Coursework:
- Intro to C Programming
- Computer Science I
- Object Oriented Programming
- Computer Logic and Organization

Achievements:
- Dean's List (Fall 2018-Present)
- National Merit Commendation Status (2017)
- UCF EXCEL/COMPASS student
- Bright Futures Florida Academic Scholar
